OZONE FORECAST CODE ORANGE ADVISORY For Friday, June 29, 2012 *“Unhealthy for Sensitive Groups”*

Memphis, TN. – In cooperation with the Arkansas Department of Environmental Quality (ADEQ); the Arkansas Department of Health (ADH); and the Mississippi Department of Environmental Quality (MDEQ), the Shelby County Health Department has issued a ***“Code Orange Ozone Forecast”*** for **Friday, June 29, 2012 for the Memphis Metropolitan Area.** The Memphis Metropolitan Area includes Shelby County, Tennessee, Crittenden County, Arkansas, and DeSoto County, Mississippi. A ***“Code Orange Ozone Advisory”*** means that the ozone levels are forecast to exceed the 8-hour National Ambient Air Quality Standards (NAAQS). There will be 25-cent rides on MATA buses and trolleys tomorrow during the Ozone Action Day. Call 274-MATA, or visit www.matatransit.com for route information.

Under existing Air Quality Index guidelines, the Department expects the ozone levels to reach the classification of ***“Unhealthy for Sensitive Groups”***. *The forecast exceedance for tomorrow is expected as a result of stagnant conditions, increased temperatures, and decreased winds.*

Unhealthy for Sensitive Groups (Orange) (Advisory)	101 – 150	Active children and adults, and people with respiratory disease, such as asthma, should limit prolonged outdoor exertion.
